MEMORANDUM FOR: Vice Chairman, National Intelligence Council
FROM: Director of Central Intelligence
SUBJECT: NIE 80/90/3-85: Latin America: Grappling With the Debt

The SRP comments on this NIE are right on the mark. I agree that the information on seeking new solutions should be highlighted in the Key Judgments and also that the two alternative scenarios in Annex 2 should be brought into the Key Judgments with a reference listing how the individual countries lean with respect to the two scenarios.
